PUBLIC LIBRARY

Submitted to:

Hon. Elmer E. Robinson, Mayor
City and County of San Francisco

PROPERTY
OF THE
DEPARTMENT OF CITY PLANNING
CITY AND COUNTY OF SAN FRANCISCO

February 16, 1953

Honorable Elmer E. Robinson
200 City Hall
San Francisco 2, California

Dear Mayor Robinson:

Submitted herewith for your approval is a digest of those bills thus far introduced at the 1953 session of the California State Legislature which, in their present form, affect the City and County of San Francisco. A total of 5405 bills were introduced during the two week legislative session in January. Of these, a substantial percentage were spot or skeleton bills. No attempt was made to digest the greater proportion of those bills because it is not possible to determine the authors' intent at this time. Several hundred of these skeleton bills conceivably could affect the City and County of San Francisco when amended into final form. It will be necessary to watch these bills for amendments and to notify you and department heads as the amendments are introduced.

A number of bills were introduced in behalf of the City and County of San Francisco by our legislative delegation headed by Chairman George D. Collins, Jr., and including Assemblymen Thomas A. Maloney; William Clifton Berry; Bernard R. Brady; Charles W. Meyers; Caspar W. Weinberger and Senator Gerald J. O'Gara. Those include:

A.B. 286 - Collins, et al. Appropriates \$1,500,000 for plans for a southern crossing (S.B. 103 - O'Gara).

A.B. 287 - Collins, et al. Provides for the construction of a southern crossing off Army street (S.B. 107 - O'Gara).

A.B. 381 and 388 - Collins, et al. Relate to sidewalk responsibility (S.B. 505 - O'Gara).

A.B. 1486, 1487, 1488 - Collins, et al. Relate to toll bridge approaches (S.B. 909, 910, 911 - O'Gara).

A.B. 2236 - Collins, et al. Relates to apprenticeship agreements.

S.B. 109 - O'Gara. Appropriates \$400,000 for a rapid transit survey on a matching basis for nine Bay Area counties (we have no policy on this bill at this time. It contains considerable merit.).

In addition to bridge legislation introduced by our delegation, a number of other bridge bills have been put across the desk. These include bills

by East Bay Assemblymen and Assemblyman Richard J. Dolwig of San Mateo county and bills by Senators Arthur H. Breed, Jr., and Randolph Collier. If agreement on this issue is reached by the two counties involved no trouble is anticipated. If, however, no compromise plan is effected we will press the bill which contains the most advantageous provisions for the City and County of San Francisco.

The Board of Supervisors has already expressed itself as being opposed to principles contained in one bill. This is S.B. 1344, Burns - which provides for a mandatory state sales tax of four percent with a subvention of three-quarters of one percent for cities and one-quarter of one percent for counties. In order to participate in this bill the Board of Supervisors of San Francisco county would be compelled to raise the local sales tax to one percent.

S.B. 1922 - Johnson, et al. Another bill which contains provisions inimical to the best interests of San Francisco. This legislation would deny A.D.A. for those adult education classes receiving instruction in first aid and civil defense.

Respectfully submitted,

Donald W. Cleary
Legislative Representative
